# Sniffer Portable Topologies and Options

	Sniffer Portable	Sniffer Wireless	Sniffer Wireless PDA
Topologies	LAN, WAN, ATM, PoS	Wireless LAN 802.11b and 802.11a	Wireless LAN 802.11b
Enhancements	<ul style="list-style-type: none"> <li>• Laptop-based Gigabit solution</li> <li>• Full duplex Fast Ethernet card - copper and fiber</li> </ul>	<ul style="list-style-type: none"> <li>• Automatic Rogue Access Point Discovery</li> </ul>	<ul style="list-style-type: none"> <li>• Automatic Rogue Access Point Discovery</li> <li>• Always on Expert Analysis</li> <li>• Compaq iPAQ supported PocketPC 2002</li> </ul>
Hardware Options	<ul style="list-style-type: none"> <li>• Sniffer FlexPac</li> <li>• Full Duplex Fast Ethernet Card</li> <li>• Gigabit Card</li> <li>• Snifferbook</li> <li>• Snifferbook Ultra</li> <li>• ATMbook</li> </ul>	<ul style="list-style-type: none"> <li>• Cisco Aironet 340/350</li> <li>• Symbol Spectrum 24</li> <li>• Agere Systems ORiNOCO</li> <li>• Enterasys RoamAbout</li> <li>• Proxim Harmony</li> </ul>	<ul style="list-style-type: none"> <li>• Symbol Spectrum 24</li> </ul>

# Sniffer Wireless

- Automatic channel surfing
- 802.11b / 802.11a dashboard tab
- Monitoring host table
- Expert analysis
- Real time & post capture WEP decryption
- Decode display
- Driver support & integration

## Sniffer Wireless PDA

- Manages wireless LAN 802.11b environments
- Detects security breaches in radio frequencies
- Pinpoints rogue and nonsecurity enabled access points
- Assists in network problem detection

\*Does not require Sniffer Portable software

## What's the deal with 802.11a!

- Enterprise wireless network
  - Theoretical speeds up to 54 Mbps versus 11Mbps (802.11b)
- Operates in 5-6 Ghz radio spectrum versus 2.4 GHz range for 802.11b
  - 2.4 GHz used by cordless phones, Bluetooth and appliances

## Sniffer Portable 4.7.5 - Fast Facts

- Support for Windows XP on laptop platforms
- Support for 802.11a networks
  - Initially support Proxim Harmony cardbus card on laptops only (no PDA support at this time)
- General Availability - December 2002
